Bagas Setyo Nugroho, Fullstack Web Developer

Bandung, Indonesia • 081229094273 • bagazfrazetyo@gmail.com • setyo.dev

PROFILE

Fullstack Web Developer experienced in building and maintaining government platforms, enterprise applications, and internal business tools. Skilled in Laravel, PHP, .NET, Angular, NestJS, Next.js, and Vue.js, with hands-on experience across frontend development, backend services, and API integration. Comfortable delivering features end to end, from understanding requirements to implementation and ongoing maintenance.

WORK EXPERIENCE

Jun 2025 — Present

Backend Web Developer, PT Cranium Royal Aditama — Jakarta

- Develop and maintain the Laravel backend for APPWARD, including feature updates, bug fixes, and ongoing application support.

Oct 2025 — Sep 2026

Freelance Fullstack Web Developer, PT Microvac Indonesia — Bandung

- Developed the MaritimHUB platform and its maritime services using .NET and Angular, covering service workflows, administrative interfaces, and backend integration.

Jul 2021 — May 2025

Fullstack Web Developer, PT Microvac Indonesia — Bandung

- Developed and maintained government platforms, including AHU Online (Yii2), SIKN for ANRI (Laravel and Nuxt.js), and the national museum registration system (Laravel).
- Rebuilt a citizenship administration application from Yii2 to NestJS and Next.js, developing APIs and a dashboard for data management.
- Translated Figma designs into responsive DPD RI portal pages and integrated backend APIs using Tailwind CSS and Alpine.js.

May 2024 — Nov 2024

Freelance Fullstack Web Developer, PT Ruby Permata Indonesia — Bandung

- Developed and maintained warehouse web and mobile applications using Laravel, Vue.js, and Flutter.

Nov 2021 — Sep 2022

Freelance Fullstack Web Developer, PT Ruby Permata Indonesia — Bandung

- Contributed backend and frontend features to the Finpay Admin dashboard.
- Fixed defects and enhanced features in a quiz management system, including performance-related improvements.

Oct 2020 — Jul 2021

Fullstack Web Developer, Lion Of Informatics — Magelang

- Built Laravel-based virtual wedding and student council election applications, covering implementation from interface to backend.

EDUCATION

Oct 2022 — Oct 2026

Bachelor’s Degree in Informatics Engineering - Universitas Sangga Buana — Bandung

Graduated in October 2026 while working professionally throughout the degree program.
